

Adult and Pediatric Heartsaver CPR

(Age 16 plus)

Instructor: Juanita Allen

The Heartsaver CPR Course teaches lay rescuers how to recognize and treat life-threatening emergencies, including cardiac arrest and choking for adult, child and infant victims. Students also learn to recognize the warning signs of heart attack and stroke in adults and breathing difficulties in children. This course is intended for all lay rescuers, such as employees in the workplace, day care employees, baby-sitters, firefighters, police, airline personnel, security guards, family members of patients at high risk for sudden cardiac death, other lay rescuers, and those who may have a need to respond to an emergency. Upon completion, participants will receive a 2 year certification in Adult & Pediatric CPR.

Heart Saver First Aid, CPR, and AED

(Age 16 plus)

Instructor: Juanita Allen

This course teaches rescuers to effectively recognize and treat adult emergencies in the critical first minutes until emergency medical service personnel arrive. The course also provides training in First Aid and in CPR. Upon completion you will receive certification in both First Aid and CPR. Taught under the guidelines of the American Heart Association.

Baby-sitter's Training with Infant & Child CPR and First Aid

(Age 11 - 15)

Instructor: Alice Wadley

The purpose of this course is to train individuals in baby-sitting responsibilities; characteristics of children; supervising and playing with children; basic care such as feeding and changing; emergency response; and first aid care for injuries and sudden illnesses. Participants also learn to recognize and provide basic care for cardiac emergencies in children and infants until advanced medical personnel arrive and take over. Upon successful completion of this course, students will receive a Baby-sitter's Course completion certificate, an Infant and Child CPR certificate valid for one (1) year and a First Aid certificate valid for three (3) years.
